Mining Machine Consulting

PLATFORM INTERNATIONAL

Investors asians companies gather strength Worldwide platform has been made. Strong on Forex, CryptoTrading and mining solutions around the world. Headquartered in Seoul Korea, also has offices in several countries including corporate store in Dubai.

WHAT IS **FXTRADING CORPORATION?**

FXTRADING CORPORATION is a global company with many investors and entrepreneurs in Asia. Already developed by a team of professionals currently

in the field of FX and CRYPTOTRADING and they created the software.

It also helps many investors make money from mining companies in various places around the world with the following coins.

Bitcoin, Ethereum, Bitcoin in cash, Litecoin, etc. Even if you do not have experience in this market, it is an opportunity to earn profits automatically and gain a lot of growth.

MISSION

Mission to help investors find safe opportunities in a simple and affordable way.

VISION

With our three pillars: Transparency, sincere and decisive. We seek to work together in each market we accrue for. This allows us to grow everyday. We add value to our members.

GOAL

Recognizing human potential.
Together we will pursue the realization of dreams.
With synchronized team spirit.
We will achieve excellence by combining strength.

FOREX (FOREIGN EXCHANGE)

The traditional way in which entrepreneurs and investors have worked in the international market for more than 17 years.

The Forex (FX) market is different from the currency of one country. It is a huge network where the currency of the country is traded.

Forex market is the most large financial market. Around \$ 1.7 trillion is changing every day globally.

Which is more than three times the sum of American stocks and the government bond market. Derivatives in the intestinal market add up to \$ 4 trillion a day.

CRIPTO TRADING

The world's best trading professionals have gathered.

Cryptotrading is gaining worldwide popularity.
This is due to the profitability of
Cryptocurrency in recent years.
In 2016, the average Bitcoin did rise from
\$ 440 to \$ 20,000 in has been 2017

Why do entrepreneurs and investors create a network of businesses that can earn money?

We've created an infrastructure project to get a database around the world. There are also many projects, but the most important part of them is the database, because in 3 years they will begin their own exchanges all over the world.

Traders specialists have created exclusive software with artificial intelligence system called "Bots" for FxTrading Corporation, with an investment of more than 2.2 million dollars, so that all users can simultaneously monitor the 24 hours and 365 days of the year all the best negotiation procedures that detect the best values of the world market exchange every second through your own back office.
